Economy car is a term mostly used in the United States for cars designed for low-cost purchase and operation. Typical economy cars are small (compact or subcompact), lightweight, and inexpensive to buy. Economy car designers are forced by stringent design constraints to be inventive. Many innovations in automobile design were originally developed for economy cars, such as the Ford Model T and ...

Many offroad vehicles have been manufactured and one of the best way to show them is the Photo Album. At each picture, click on 'Comments' even if written 'Comment (0)' to see description. Many pictures of this album represent Russian vehicles, as well as those of the former Soviet Union. A lot of models (wheeled, tracked, screw propelled), very typed off-road, are extremely numerous, highly ...
