I had the same problem, i have a 1977 ford f-150 explorer custom with a 400, 6.0 engine. we replaced the altrnaton and the regulator but it didnt keep the charge, finally after alot of searching, it turned out to be over a foot and a half of burnt yellow wire. that was the problem for my truck, when ever you replace the alernator its recommended to also replace the regulator, i hope this helps you.
