Yes could be a couple things,first ,the power steering belt,was it replaced,old belt could have a hard smooth glaze and slip,or the belt need to be tighten,your fluid level could be too low,but something I learnt working on Mack truck's a long time ago, when I replace the power steering pump,no matter what vehicle,before I start the engine I always lift both front tire's off the ground,and ...

SOLVED: Power steering fails in 2008 saturn vue - Fixya

I have a 2009 Saturn Vue and my check engine light was on for a code for a small leak in the evap system and I changed the gas cap and the light came back on So I was feed up and decided to go to a shop and get it diagnosed rather than continuing to try and diagnose the problem myself and I found out that it 2 selenoids were actually bad on my car the purge solenoid valve and canister vent ...
