Competition is a good thing. We need more midsize and at least one or two compact trucks on the market to keep a nice forward progression, increase in power and MPGs, and hopefully some really

good, really affordable diesel options in the near future.

Versatility is the quality that sets trucks apart and a key reason why year after year they're the top selling vehicles. Pickup trucks have traditionally been necessities for tradesmen and businesses for hauling and towing, and they've always been popular with homeowners for toting goods from home centers and with outdoorsmen for carrying camping gear and dirt bikes.
