

Beechcraft Super King Air 350

The Beechcraft Super King Air family is part of a line of twin-turboprop aircraft produced by Beechcraft. The Model 200 and Model 300 series were originally marketed as the "Super King Air" family, but the "Super" was dropped in 1996. They form the King Air line together with the King Air Model 90 and 100 series.. Beechcraft currently offers the 250 (design).

Beechcraft Super King Air - Wikipedia

The Beechcraft Model 350 King Air is a twin-engined turboprop corporate travel and utility aircraft with retractable landing gear and pressurized cabin produced by the US-American manufacturer Beech Aircraft Corporation, today Beechcraft a brand of Textron Aviation. The SUPER prefix was dropped in 1996 for all Super King Air models (200/300/350).

The new King Air 350s are called "MC-12W Project Liberty special mission turboprop aircraft" by the US Air Force. The old C-12/UC-12 is also known as the Huron, and was derivative of the civilian Beechcraft King Air 200. It can land on airfields under 3,000 feet in length, and is normally used for VIP and light transport duties.

The US Military's King Air 350ER Aircraft: Quietly Effective

The Beechcraft C-12 Huron is the military designation for a series of twin-engine turboprop aircraft based on the Beechcraft Super King Air and Beechcraft 1900. C-12 variants are used by the United States Air Force, United States Army, United States Navy and United States Marine Corps. These aircraft are used for various duties, including embassy support, medical evacuation, as well as passenger ...
