This will depend on the access you have to a safe enough area for collecting water samples. If you do not have a suitable area for students to assess, or do not have time for students to collect their own samples, you could collect samples yourself and keep the invertebrates in a tray of water for a day or so.

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.
