This study assessed the impact of flipped instruction on students' out-of-class study time, exam performance, preference, motivation, and perceptions in two sections of a large undergraduate chemistry course.

The effects of flipped instruction on out-of-class study ...

The veil or ignorance is a term coined by John Rawls as a way to describe the ideal state in which a person could make unbiased decisions. Rawls claims that if a person was ignorant of their own race, gender, age, etc. they would be able to formulate the rules and procedures of society in way that would be fair for everybody.
