Grey imports are generally used vehicles, although some are new, particularly in Europe where the European Union tacitly approves grey imports from other EU countries. In 1998, the European Commission fined Volkswagen for attempting to prevent prospective buyers from Germany and Austria from going to Italy to buy new VWs at lower pre-tax prices; pre-tax price is lower in Italy, as in Denmark ...

In this paper, we review articles pertaining to global supply chain design and focus on the logistics of the supply chain, i.e., the movement of goods from the point of origin to the point of consumption (Vitasek, 2003). Fig. 1 illustrates alternative production locations for a global supply chain, depicting manufacturing activities for an end-product and for multiple tiers of components.

In recent decades, the fast fashion industry has been characterized by widespread operations across both developing and developed countries. Due to the economic, social and environmental problems in developing countries, companies increasingly focus on sustainability and try to ensure the same quality and standards in working and production conditions throughout their supply chains.
